

Kuhl Hose 2016 Annual Report

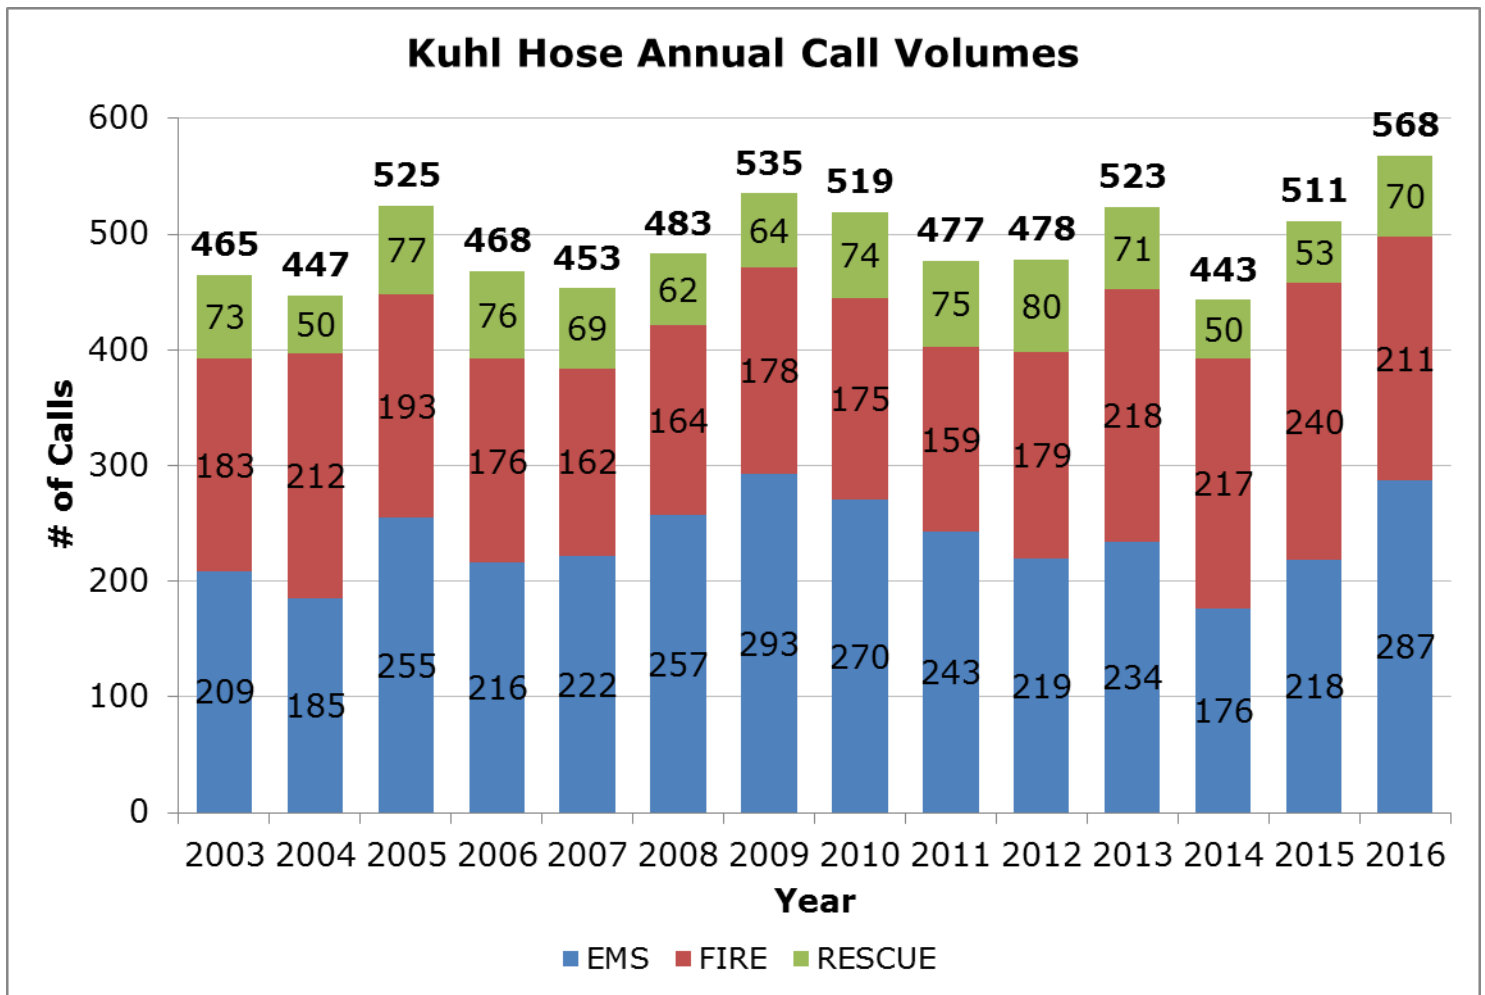

Total Calls - 568

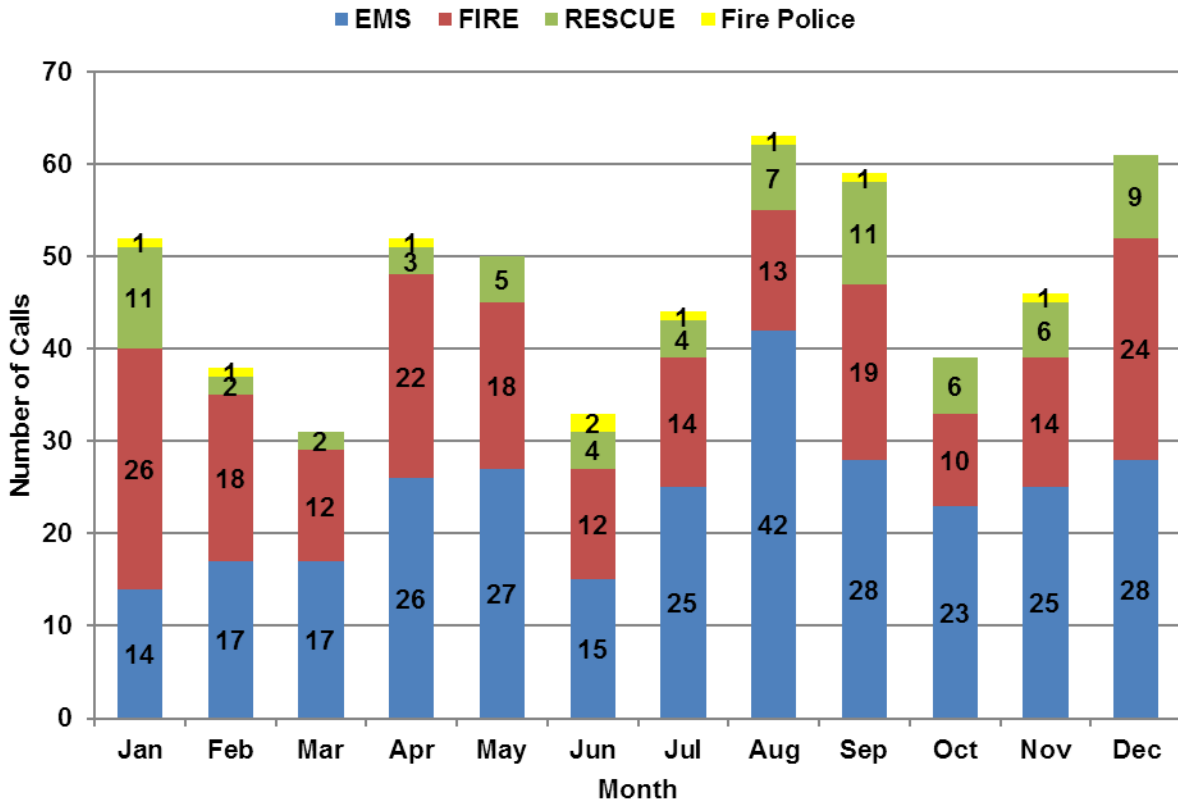

**From the Fire Chief
Don Erbin Jr. 680**

2016 saw the busiest year on record with 568 calls dispatched. This included response to 37 working fires and 4 rescues. Some highlights of department operations were:

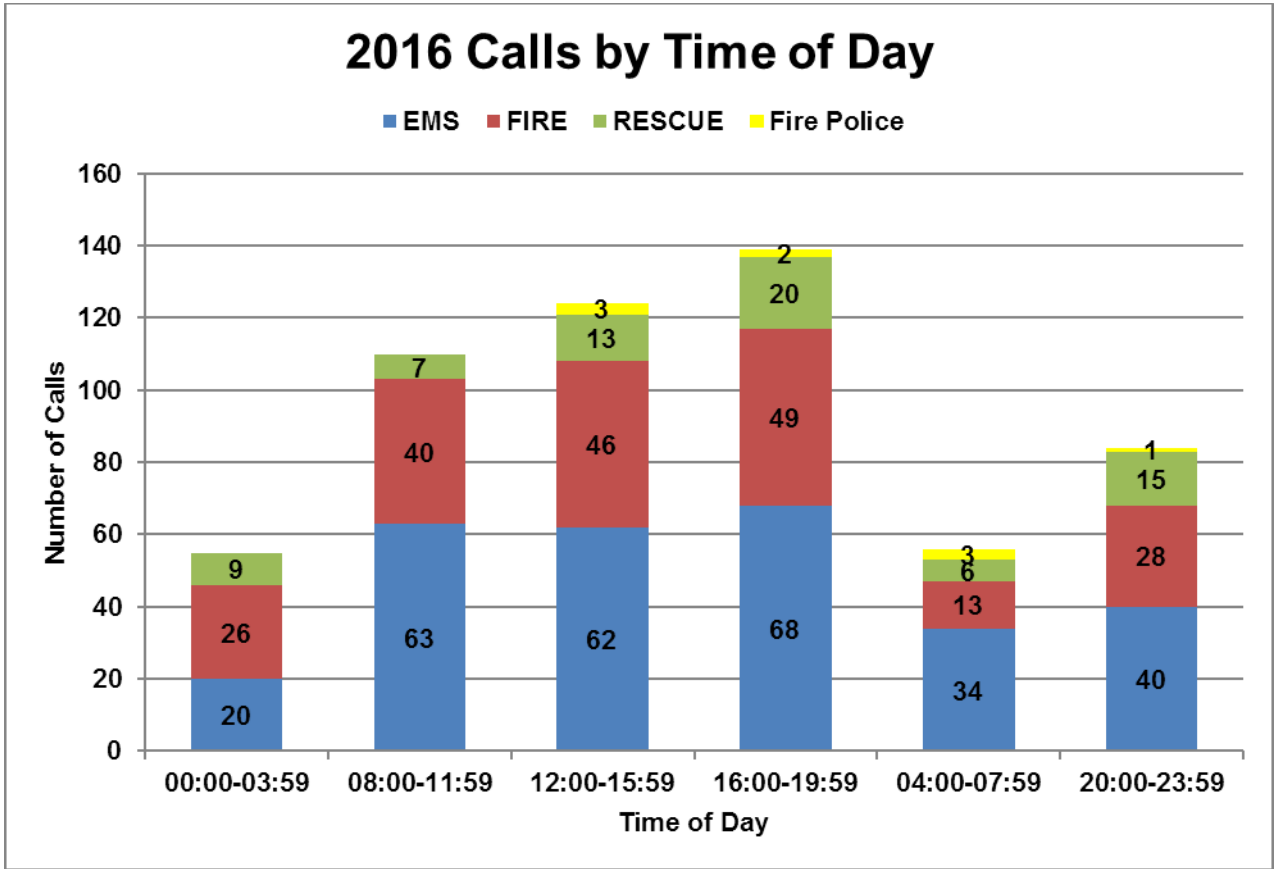

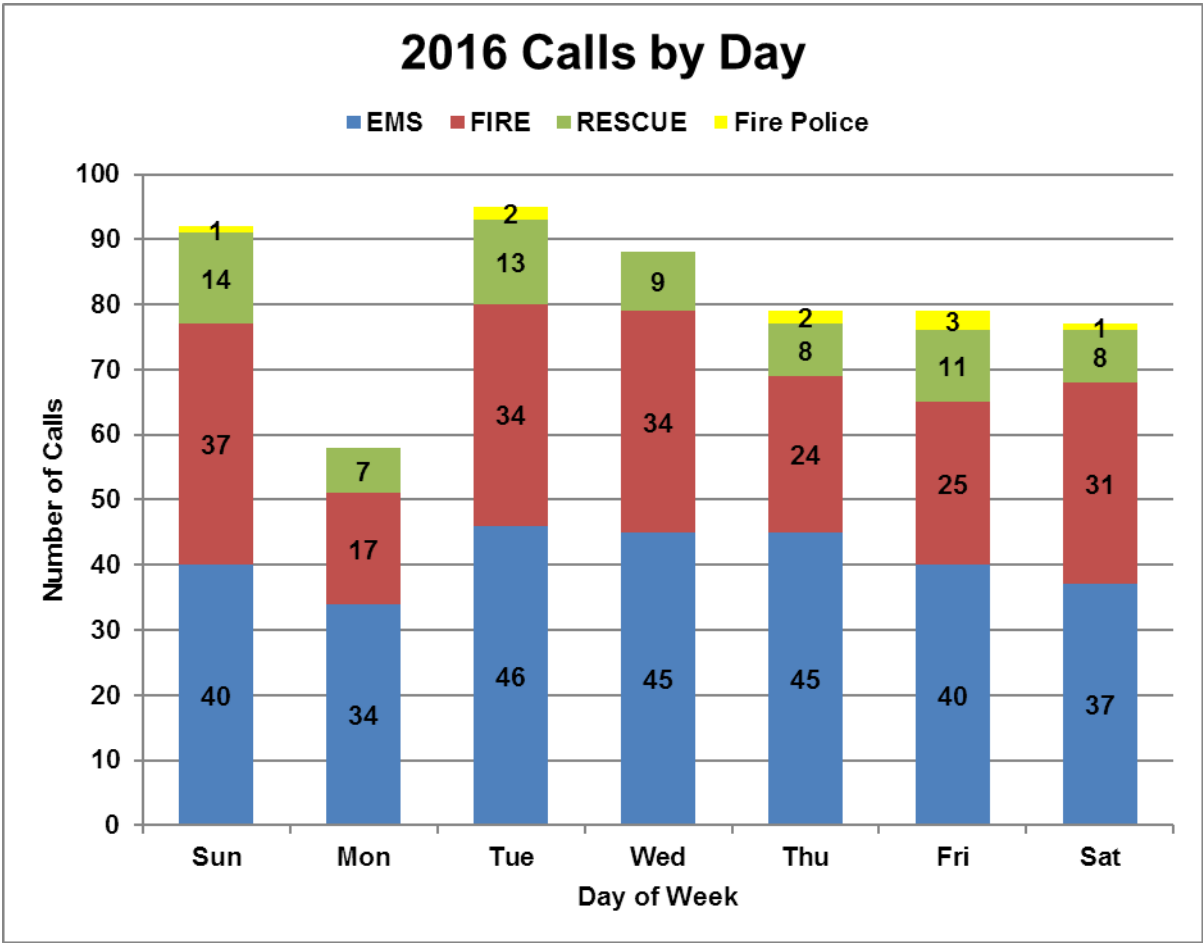

- In April, an EMT was contracted from Emergycare to aid with staffing during weekday daytime hours. This allowed us to respond quicker and more reliably during hours when our volunteer staffing was historically low.
- New equipment that was put into service included new thermal imaging cameras for the engines.
- For the EMS side of the department we put two new power stretchers with load units in each ambulance. This equipment greatly reduces the strain on members backs when raising the stretcher and loading it into the ambulance.
